

Train-the-Trainer
Personal Protective Equipment Training (PPE01)
General Physics

Course Modules – The training will focus on both Level B & C Suits

- **Introduction to WMD Personal Protective Equipment (PPE):**
This module provides an overview of all the components and the technologies employed in various types of PPE to protect 1st responders from various WMD threats. Both the Occupational Health and Safety Administration (OSHA) and National Firefighter Protection Association's (NFPA) standards are addressed to help familiarize 1st responders with the different levels of protection and the conditions under which they are employed. This module includes station training and a hands-on lab.
- **Considerations for the Selection of PPE:**
This module addresses regulatory, environmental, safety, and economic considerations for selection and use of WMD PPE.
- **Hot Area Operations:**
This module includes demonstration of the sequential and regulatory procedures for donning and doffing various levels of PPE. Instructors perform monitoring and detection procedures employing the most commonly used detection equipment

To register

Please respond *by Thursday, May 20, 2004 by filling out and faxing the attached Registration Form* to Donna Lee Campbell, University of Connecticut, Homeland Security Education Center 860.566.1188. Any questions, please call Donna at 860.566.1133.

Please Note: Please bring your PPE equipment to class if you have it!

Notes:

- DETAP requires that all students enrolled in this class provide proof of medical clearance (certification/card) prior to donning Level A & B PPE.
- All DETAP PPE Instructional Teams include at least one certified EMT to ensure the safety of all participants.

Stipend:

A \$200 per day stipend is available to Municipalities incurring overtime expenses as a direct result of the trainer attending this authorized ODP Training Class. The overtime Costs *must exceed over \$200*. Allowable overtime occurs when a responder attends ODP approved training during regular working hours and the municipality brings someone in on a day off to “backfill” the trainee’s position, or, the responder attends training after

regular hours and actually earns overtime him/herself. ***Straight time reimbursement for training is not reimbursable under program guidelines.***

A “***Request for Overtime Reimbursement***” Form (see **attachment**) must be submitted to receive the stipend. Reimbursement must be requested within 30 days of the training. It is the responsibility of the Municipality to request the reimbursement.

A maximum of four trainers can attend from each municipality. Please submit an additional sheet if necessary. These additional trainers will be included if space permits.

Please mail your ***Request for Overtime Reimbursement Form*** along with a training certificate from this workshop to: Robert McGarry, Program Manager, Homeland Security Education Center, Rowland Government Center, 55 West Main Street, Waterbury, CT 06702.
